Bowling Green State University

"Tomorrow's Athletics For Today's Athletes"

Bowling Green, Ohio, 43403 $1.00

DEDICATION

Over 30 years ago there came to the Bowling Green campus a student-athlete from small-town Ohio. He gained campus and state-wide recognition for his athletic prowess in three different sports, providing outstanding leadership in all college activities.

After his graduation, he went to another small-town Ohio and started a 23 year career in Ohio's secondary education where as a teacher-coach-administrator he gained further recognition for his ability to work with young people in the classroom, on the athletic field and in the community.

He moved into the intercollegiate athletic field as an assistant coach at Ohio's Big Ten institution but four years later answered the call from his alma mater to return as the head football coach. The next ten years brought fabulous success as the nation's winningest football coach, a national championship and five Mid-American Conference championships.

Five years ago he gave up the activity that meant so much to him to become the head administrator of intercollegiate athletics, where he turned a nine-sport program into 12 and helped to build facilities that are among the best in the nation.

Next January he will leave Ohio after 38 years of invaluable service to the state's educational system.

In recognition and honour
for this illustrious service,
we dedicate this brochure to DOYT L. PERRY.

Falcon Football 1970

By Football Coach Don "The Prophet" Nehlen

(Note: Webster defines a prophet as "one who predicts the future." Religious scholars often go one step further with the Old Testament definition of "one who predicts the future with the belief of constant impending doom." Bowling Green's Don Nehlen fits "The Prophet" image on both counts. First he predicted the Falcons would be a contender for the MAC crown in 1969 but that they would have a rough go in non-league play BEFORE they rolled to a 4-1 MAC chart and a 6-4 overall mark in 1969. Second Nehlen is a typical footbal coach with "impending doom" lurking around all corners. With this in mind, the following are "The Prophet's" thoughts for 1970.)

QUICK ANALYSIS

Bowling Green State University's football team will seek its 16th consecutive winning season with 18 lettermen and 11 returning starters back from last year's club which found one point between it and the Mid-American Conference throne room. Thus the Falcons settled for second place with a 4-1 mark and a 6-4 overall record.

Last year's team featured its usual stout-hearted defense and an offense which was forced to ride the talented right arm of Quarterback Vern Wireman to victory when the running game failed to develop. This year's club could find itself in the opposite situation with a potentially well-balanced striking force being developed on offense while waiting for a rebuilding job to be completed on the defensive unit.

AS NEHLEN SEES IT

"We had a fine spring practice and I feel the success of our squad will be determined by how well the young players can fill the holes we lost when 11 starters completed their careers. We lost six starters on defense and five on offense. If the newcomers come through, we should be a contender for the MAC championship although we again will be up against top-flight non-league competition.

"It's no secret that we will have to depend a lot on sophomores. However I feel that we have some young and big linemen who could come on fast this fall and become excellent football players.

"Anytime you have a first-rate quarterback returning, you immediately have a plus factor going for you. In Vern Wireman, we have one of the finest passers in the Mid-West. And Defensive End Phil Villapiano is just one great football player and very deserving of national recognition if he has the year we are expecting from him."

MAJOR PROBLEMS

On offense, both wide receivers are gone. That meant 105 catches and 13 touchdowns last fall.

On defense, Middle Guard Joe Green is gone and that really means something. Five other excellent starters must be replaced with inexperienced players. The defensive secondary will again lack size.

PROBABLE STRENGTHS

Quarterback Vern Wireman led the MAC in passing last season and is a capable leader of the offense which has the potential to put quite a few points on the scoreboard this fall.

Running backs Jerry Fields, Issac Wright and Julias Livas are "The Young Lions" who could develop into the best running corps that has been at BG since 1966.

For the first time in several years, the offensive tackles will have good size with experience in the interior line being added by two returning starters at guard.

Phil Villapiano is a stopper at defensive end and Bob Simmons is a first-class linebacker with Jack McKensie rated a strong performer at tackle.

HOW NEHLEN VIEWS THE MAC

"On paper, Toledo appears to be in a class all by itself with the rest of the teams fighting it out for second place. Kent and Western Michigan will be much stronger than a year ago and naturally, I feel Ohio University, Miami and Bowling Green will field good ball clubs in 1970. With each team showing improvement, it will be possible for every team to beat any other team on a given Saturday. But that is what MAC football is all about."

POSITION BY POSITION ANALYSIS

The Offense

Quarterback — Should be improved. Tri-Captain Vern Wireman who led MAC passers last season and won second-team all-league honors, returns for senior year. He already ranks eighth on the list of all-time MAC career total offense leaders besides owning 11 of 12 BG individual passing and total offense records. Junior Don Plusquellic, a transfer from Pitt, should be best back-up man in the league.

Fullback — Should be Improved. When you have two excellent runners with contrasting styles battling it out for the starting job, the result should be good running. Jerry Fields is the strong bull-like type with a nose for the goal line while Issac Wright comes in the slashing variety with 4.6 speed in the 40-yard dash. And Eddie Platzer is solid in reserve.

Tailback — Should be improved. Sophomore Julias Livas is untested after losing last season with a knee operation. He won the starting job in the spring and gained over 100 yards in the spring game. Pushing him is Letterman Jim Meeker, a part-time starter last year. Wright also is a possibility at this position.

Wingback — Probably weaker. Missing will the exciting Fred Mathews who caught 57 of Wireman's passes. This appears as a possible two-platoon position on offense with Letterman Roger Murray being the running type if he can stay healthy and Sophomore Bill Fisher getting a look after missing the spring with a knee injury. "Specialist" Bill Pittman, a walk-on and the surprise of spring drills, could work in as a wide receiver and Livas could run here in the goal-line offense.

Summation On Offensive Backs — Should be improved.

Split End — Probably weaker. A problem spot with Bob Zimpfer, All-MAC first-team receiver, departed for the pros. Pittman, a 5-8, 162-pound sophomore, reported for the first time in spring drills and could do the job once he learns the system. Ranking as the probable starter is non-letterman Mark Pillar with Senior Dave Eberhart and Sophomore Mark Beech still very much in the picture.

Tight End — Should be improved. Tom Lawrence returns for his second year as a starter with Mike Hogan in the back-up position.

Tackles — Should be improved. A lot will depend on sophomores, but the size and talent is there to replace the loss of starters Carl Battershell and Dave Urdzik. At strong tackle (he will always line up next to the tight end in Nehlen's flip-flop offense), 240-pound Joe Shocklee has professional scouts talking. However, he must recover from a broken leg sustained against Miami when he had just taken over the starting tackle spot. Sophomore John Czerwinski, another 239-pound giant, has excellent potential. The quick-side tackle looms as 240-pound Tony Kijanko, a 23-year-old ex-serviceman starting his college career as a sophomore. Steve Madden, at 220, and Gene Nicolini, at 220, are also in the picture.

Guards — Should be improved. Both starters return in Tri-Captain Dave Finley, a second-team All-MAC choice, roaming the quick side and two-year letterman Bill Roeder holding down the strong side spot. Talented Sophomores John Brandyberry and Chuck Palmer give untested but good depth.

Center — Should be same. Top two men graduated. Handyman Dennis Maupin, who lettered as a guard in 1969, has been shifted to fill the gap and was another pleasing surprise in spring drills. Backing him up will be Sophomore Bethel Toler.

Summation On Offensive Line — Should be improved.

The Defense

Safety — Should be improved. Senior Larry Kelly lettered as sophomore and started last season while making third team Academic All-America. "The Computer" is also an excellent football player. Back-up man will be Sophomore Wayne Ducharme, the fastest man on the squad.

Halfback — Probably weaker. Bill Deming returns to his starting spot on the right side. Pushing him is Sophomore Gary Schaefer. The left side will miss Ho Davidson, drafted by the Browns. Non-letterman Joe Keetle looks like the starter on the left with Sophomore Howard Porter also in the starting picture.

Monster — Probably weaker. Starter Greg Shinn graduated. Art Curtis won a letter as a kicking specialist and was listed as starter in the spring although hampered by illness. In reserve will be Senior Sam Halkias.

Summation On Secondary — Probably weaker.

Linebackers — Should be same. First-rate Dave Polak and Mike Marchione are gone. At the right side, All-MAC Bob Simmons has the talent to be a Joe Green if he wants to. He does it all. Mike Von Stein adds good depth on the right. Two-year Letterman Tom Merletti is a money player who gets the job done. Top Sophomore Steve Price is in reserve.

Middle Guard — Probably weaker. This was Joe Green's spot. Letterman Rich Duetemeyer is solid but must hold off Sophomore Earl Hargrove to keep job.

Tackles — Should be same. Tom Lloyd signed with the Cardinals. Jack McKensie returns as a starter on the right side while Non-letterman Larran Meader had a good spring and won the nod on the left side while shifting from offense to defense. Sophomore Gary Zelonis is good enough to play somewhere. Also rated as good prospects are Junior Dave Konowal and Junior Larry Witherspoon who was running with the first unit when he sustained a neck injury in the spring.

Ends — Probably weaker. No problem on the right side where All-American Candidate Phil Villapiano holds camp as pro scouts wait in the wings to sign the Falcon Tri-Captain as an outside linebacker. On the left side stands Ferdie Stockard, a 240-pound sleeping giant, with Sophomore Frank Allen in the picture.

Summation On Defensive Line — Probably weaker.

Doyt and his wife, Loretta, are the parents of one daughter and two sons.

DON NEHLEN, Head Football Coach

Don "The Prophet" Nehlen, 34, moves into his third year as Bowling Green State University's head football coach and you can't blame him for hoping that his winning tradition continues.

Before taking over as head coach, Nehlen served as Bowling Green's defense coordinator for three years and turned in a fine record. In three seasons, his defensive squads yielded only 361 points in 28 games for an average of slightly under 13 points a game. His teams recorded six shutouts.

During his years as a player at Bowling Green, Nehlen played under Bowling Green's current Athletic Director Doyt L. Perry. Perry said "Nehlen was a quarterback on my first team at Bowling Green. His enthusiasm, spirit and energy were contagious all that time and they have continued throughout his coaching career. I am confident that Don will make a fine football coach for Bowling Green."

Nehlen is Bowling Green's 11th head football coach in the Falcons 51-year intercollegiate history. He is only the second, Doyt L. Perry being the first, Bowling Green player to return to his alma mater as head coach.

During his entire coaching career, Nehlen has had nothing but success. After graduating from Bowling Green in June of 1958, Nehlen became the reserve football coach at Mansfield Senior High School.

From 1959-1962, Nehlen was the head football coach at Canton South High School where his teams recorded a 24-11-2 record. Nehlen won two titles and tied for another in the Stark County Class AA League in four years.

In 1963, Nehlen was at the University of Cincinnati as backfield coach. In 1964, he returned to the high school ranks as the head coach at Canton McKinley High School. That year, his squad compiled a 9-1 record and finished second in the state. His overall high school record was 33-12-2 and his teams won 24 of their last 27 games.

Nehlen graduated from Canton Lincoln High School in 1954 where he lettered for two years as a quarterback and landed All-City and All-County honors. He also earned a total of seven letters in basketball and baseball and was voted as the Outstanding Athlete in Lincoln's 1954 graduating class.

Nehlen received his Bachelor of Science in Education degree from Bowling Green in 1958 and then earned a Masters Degree at Kent State University in 1965.

The Korean War interrupted Ruehl's education as he served with the Marines at Camp LeJuene . . . He returned to Ohio State in 1952 and won a varsity letter as a center. 51 Years Of Falcon Football

When college football celebrated its 100th birthday last season, Bowling Green State University's football program was enjoying its 51st year on the gridiron as Coach Don Nehlen's Falcons continued BG's winning tradition by chalking up the school's 15th consecutive winning season with a 6-4 mark.

Few college football teams in the nation can match the Falcon's excellent record on the gridiron in recent years and many would be more than happy with the 245-131-43 mark in 51 seasons. In fact BG's .633 winning percentage ranks 24th on the list of 114 major-college teams.

And how about the Falcons' outstanding record since the Modern Era began in 1937? In those 33 years, BG teams have had only seven losing seasons while rolling up a 189-87-19 record and a sparkling .707 winning percentage.

In the last 15 years, only Alabama among major-college teams can better the mark of 108-27-6 and .788 percentage. And in the 1960's, the Falcons rolled in with a 71-22-2 total and a .758 percentage.

A large portion of this BGSU record has been established by two coaches, Bob Whittaker and Doyt Perry. In 14 years, Whittaker complied a 66-50-7 record while Perry rolled to a 77-10-5 mark in 10 campaigns.

Added to the Falcons' outstanding overall record is their excellent Mid-American Conference record in 18 years of action. Bowling Green joined the Conference in 1952 and during the past 18 seasons, the Falcons have established a 66-31-6 record while winning six titles and finished second during four campaigns. Only Miami with eight crowns can claim more MAC championships than BG.

As it turned out in 1969, only a one-point loss to Toledo kept the Falcons out of the MAC throne room for the seventh time as the Nehlenmen eased to a 4-1 MAC chart on a stout defense which gave up only 10.6 points a game in league play while Quarterback Vern Wireman paced the loop passers on the way to 16 new BG team and individual passing records.

In Bowling Green's first 51 years of competition, the Falcons have faced 71 different opponents with 11 coaches supervising the action.

The Falcons hold a winning record against 45 opponents with Miami's Redskins being the only MAC club to hold an edge.

Only three former Bowling Green coaches complied losing records and the trio led the Falcons for a combined total of just 16 games.

Earl Kreiger, Al Snyder, Warren Steller, Harry Ockerman, Whittaker, Perry, Bob Gibson and Nehlen have enjoyed winning records. Whittaker coached the Falcons in the most games, 123, while Perry notched the most victories with 77. Perry (1956, 1958) and Steller (1928, 1930) each had two undefeated teams while Whittaker (1948) enjoyed one all-winning campaign.

1970 Spring Game

The Falcons put their vaunted passing attack and QB Vern Wireman in cold storage as the first-unit White team unleashed an awesome ground attack while working out a 28-0 victory. Thirty yards was all that came out of the White's air arm while the set of "Young Lions" had a field day with 390 yards on the ground. Sophomore Julius Livas accounted for 140 of the rushing total and a pair of touchdowns. Juniors Jerry Fields (69) and Issac Wright (45) combined for 114 yards in 19 carries as fullback. The White defense also drew blanks while holding the Brown offense to a net offense of 84 yards.

MAC Football 1970

(Release Prepared By MAC Office)

Take just about any yardstick used to measure football ability and team strengths, and the University of Toledo comes out as the team to beat in the race for the 1970 conference grid championship. Size, speed, experience, number of lettermen, returning starters, you name it . . . it keeps coming out as the year of the Rockets.

Even the staunchest Bowling Green rooter would admit that Frank "Coach-of-the-Year" Lauterbur's 1970 squad appears on paper to be one of the league's finest editions. But, even Toledo's staunchest rooters will quickly point out that Ohio University struggled to a third place tie last season after wearing the favorite's tag into action in 1969.

The thing that really sets the upcoming season apart from those gone by is the fact that should the favorite stumble along the way (and Mid-Am fans know that the form charts have taken a real beating in the past decade) every team in the league appears ready, willing and able to pick up all the marbles.

Never before have all MAC teams been so attractive on paper going into the season, and never before has there been such an abundance of superlative quarterback talent spread among the MAC entries. For the record, Toledo ran roughshed through the 1969 schedule, sweeping the conference crown with a 5-0 mark and winning five straight non-league affairs, while posting the best total defense mark in the nation.

Chuck Ealey is back to spark the Rocket attack, as are fleet Tony Harris and 235-pound Charlie Cole in the TU backfield. In all, Lauterbur has 20 of his 28 letterwinners back, including 16 starters. At Bowling Green, Vern Wireman already owns 16 BG offensive records heading into his senior season. Although he'll be operating without pass-catching aces Bob Zimpfer and Fred Mathews who set a ton of BG receiving marks in the last three years, Vern has shown he can throw with the best of them, and his 2,527 total yards puts him in eighth place among career total offense leaders in the MAC with a season to go.

THE MAC

The Mid-American Athletic Conference is still relatively new as a major athletic conference compared to many of her sister organizations in the nation. However the MAC has rapidly made its mark as one of the real "up and coming" leagues in the nation and enters the decade of the 70's with one of the brightest futures of any of the country's top athletic conferences. The reason for this can easily be traced to the leadership of the six university presidents at Bowling Green, Kent State, Miami, Ohio, Toledo and Western Michigan. These six men heartily endorse the wholesome things for which college football stands, the very things which were saluted in 1969 as college football celebrated its Centennial Year.

Although the MAC is embarking "only" on its 24th year of football, most of the member schools have been long steeped in a winning gridiron tradition. Organized in the winter of the 1946-47 school year, the charter membership of the MAC included Butler, Cincinnati, Ohio, Wayne and Western Reserve.

In 1947, Wayne withdrew and Miami and Western Michigan were added. In 1950, Butler left and Toledo entered. Kent State and Bowling Green came in 1951 and the membership reached nine in 1952 when Marshall was accepted.

The current number of six MAC schools came about when Cincinnati left in 1953, Western Reserve departed in 1955 and Marshall exited in 1969.

THE REESE TROPHY

Emblematic of athletic excellence in the MAC is the Reese Trophy, awarded annually to the school maintaining the best record in the nine sports (football, cross country, basketball, swimming, wrestling, baseball, golf, tennis, track) contested on the conference level.

Hoop Highlights . . . 1969-70 Record: Won 15, Lost 9. MAC Record: Won 7, Lost 3 (Tied for second). Returning Lettermen: Four. Lettermen Lost: Four. Head Coach: Bob Conibear. His Two-Year Record: Won 24, Lost 24. Assistant Coach: To be Named. Freshman Coach: Dr. John Piper. Major Losses: Jim Penix, MAC Player Of The Year; Dan McLemore, MAC First Team.

How Conibear Views The Falcons: "We will have to find replacements for 35 points of our offense in Penix and McLemore who were both all-league first team choices. We have a sound senior nucleus to work with in Center Jim Connally, one of the most underrated players in the MAC; Forward Rich Walker, a multi-talented individual who is among the top players in the MAC and who has the potential for even higher honors; and Guard Bob Quayle. I felt last year we had the best 'team' of freshmen in the MAC (12-2 on the season and 7-0 in MAC play) and I feel that we could have the best sophomores in the league this season. Dalynn Badenhop has the tools to be a fine college basketball player and Al Russ is an excellent playmaker in the backcourt. If our sophomores come along as expected, we expect to be a contender for our conference championship."

Tomorrow's Athletics For Today's Athletes

Today's outstanding high school and college athletes certainly are thinking about tomorrow.

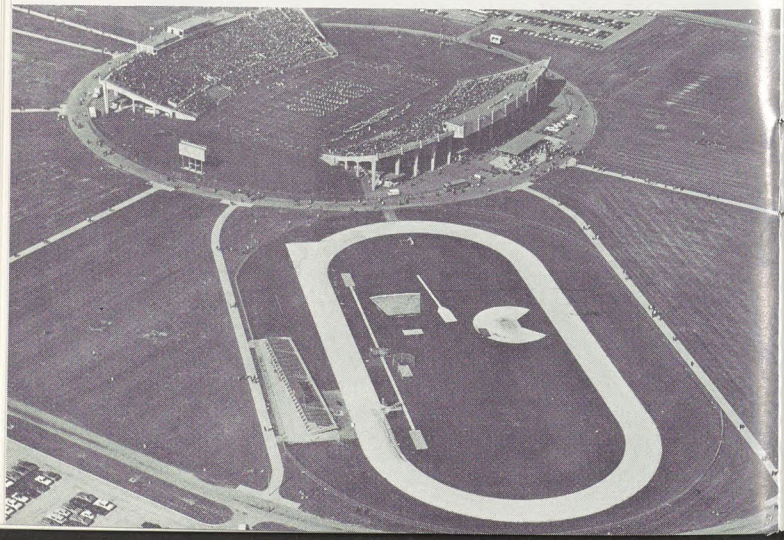
That's why Bowling Green State University is very much on the minds of America's young men who are looking for a school with the accent on the future.

Although Bowling Green is extremely proud of its past where its winning tradition in athletics is recognized across the nation, anyone who has visited the ultra-modern athletic facilities and talked with anyone on the "thinking man's" staff of outstanding coaches knows that Bowling Green is a forward-looking university.

A sign of the Age of Aquarius on the BG campus is the newest athletic complex in the Mid-American Conference and one of the finest in the country. Built at the cost of over $6 million, the area now contains the football stadium, ice arena, running track, baseball diamond, tennis courts, championship golf course, ski area, and lake. Future expansion calls for a basketball arena and convocation hall and physical education complex, with an Olympic pool facility. Likewise, the Falcons are proud of the fact that many of its modern athletic facilities are linked with the school's winning tradition by the names they bear of the individuals who have made an important contribution to Falcon athletic heritage.

PERRY FIELD is the home of the Falcon football team. The stadium is the newest and largest in the MAC. Orange and brown fiber-glass seats now accommodate over 23,000 fans and future expansion could enlarge the stadium to over 60,000. The structure is named for former coach Doyt L. Perry, who retired in 1964 as the winningest coach in the country with a 77-10-5 record and five league titles in 10 seasons.

ANDERSON ARENA is named for late coach and athletic director Harold Anderson, who compiled an overall basketball record of 362-185. The arena holds 5,500 fans for basketball games. It is also home of the wrestling team.



ICE ARENA is Bowling Green's prized jewel in a crown of athletic gems. The $1.8 million Arena is termed "the finest facility of its type on a college campus. It has, under cover, three ice surfaces, including a main sheet 200 by 85 feet. A crowd of 3,000 can watch the exciting Falcon hockey team match skills with the best teams in the nation.

STELLER FIELD means baseball action. Named after former BG baseball and football coach, Warren E. Steller, the completely fenced facility has outfield measurements of 340-400-340, dugouts, cut infield, sod outfield, and an electric scoreboard. Stands for 2,500 cheering fans surround the field.

WHITTAKER TRACK and FIELD is the first of its kind in the Mid-West. Named for the University's former football and track coach, it is a nine-lane, quarter-mile oval with a non-skid, all-weather plastic surface called Tartan. All field events can take place in the oval. Over 2,000 fans can be seated to watch the action of championship meets.

GOLF COURSE means a nine-hole layout measuring 3,577 yards, dotted with water hazards and sand bunkers, Another nine holes are planned for the future.

No wonder today's athletes like facing tomorrow at Bowling Green.

BG Press Box Information

Bowling Green currently has the finest and largest press box in the Mid-American Conference. Although all WORKING MEDIA MEN are welcome, working press and parking passes should be obtained in advance from the Sports Information Director. The press box has 10 RADIO booths with six currently occupied. The remaining four will be filled on the first-come, first-served basis. Each booth can accommodate four men.

The stadium and press box were also especially designed to accommodate professional TELEVISION coverage of BGSU fotball. The plus factors for television origination from Bowling Green are too numerous to mention. PHOTOGRAPHY facilities also are excellent. Movies are taken by BG and its opponents on the second floor of the press box. Still photographers are also allowed to operate on the photo deck as well as on the field. A press pass is required for both the press box as well as the field. SCOUTS are also welcome with priority going to college scouts with space also available for professional talent hunters.

FACILITIES include telephones and Western Union space, photo darkrooms (not in operation), a Snack Bar, and the future home of the BGSU Press Club. Services include pre-game information, flip card, play-by-play, programs, brochures, a pre-game luncheon, statistics and aspirin. Because of BG's interest in physical fitness, a brisk, elevated walk to the press box is also included.

FROM THE MAC: "In all Mid-American Conference press boxes, the Sports Information Director of the home team shall have sole jurisdiction over admission. Priority shall be given to working members of the press, radio and television, two working scouts per outside school, two working moviemen for outside school and Western Union personnel. In addition the host SID shall have the right to refuse space if not applied for at least a week in advance. Lastly, no children or women shall be admitted to MAC press boxes with the only exception to this rule being female employees of Western Union actively working teletype machines and members of the athletic director's and visiting athletic director's party."
